CAREER OBJECTIVE

Motivated and enthusiastic MCA student with a strong foundation in Python programming, data science, problem-solving, and software development. Seeking an opportunity to apply my technical knowledge and practical experience in a challenging environment where I can contribute to organizational goals while continuously developing my professional and technical skills.

EDUCATION

Master of Computer Applications (MCA)

Sandip Institute of Engineering and Management, Nashik

Currently Pursuing

Bachelor of Computer Applications (BCA)

North Maharashtra University (NMU), Jalgaon — 8.98%

Higher Secondary Certificate (Class XII)

Maharashtra State Board — 76%

2021

Secondary School Certificate (Class X)

Maharashtra State Board — 86.4%

2019

SKILLS

- Programming Language: Python, C, C++
- Data Science & Libraries: NumPy, Pandas, SciPy, Matplotlib, Scikit-learn
- Web Technologies: HTML, CSS, Django, BeautifulSoup, Requests
- Database: MySQL
- Tools & Platforms: Jupyter Notebook, Google Colab, GitHub, XAMPP
- Soft Skills: Problem Solving, Teamwork, Communication, Time Management, Quick Learning

PROJECTS

Text File Encryption & Decryption System — Jan 2025 – Apr 2025

Technology: Java, AES Encryption

- Developed a system for securing sensitive text files.
- Implemented password-based AES encryption for data security.
- Designed a user-friendly interface for file selection and encryption/decryption.
- Implemented secure file storage and transmission.

College Academic Performance Monitoring Dashboard

Technology: Power BI, Excel

- Developed a dashboard concept for monitoring students' academic performance.
- Analyzed marks, attendance, grades, and overall performance.
- Created visual reports and interactive dashboards for academic performance analysis.

INTERNSHIP

Python Developer Intern — Cognifyz Technologies

- Worked on Python programming and development tasks.
- Applied Python concepts to solve practical programming problems.
- Developed and improved Python-based solutions during the internship.
- Strengthened problem-solving, debugging, and logical thinking skills.
- Gained practical experience working in a professional development environment.

CERTIFICATIONS & ACHIEVEMENTS

- Introduction to Artificial Intelligence for Beginners
- Python Developer Internship — Cognifyz Technologies
- Strong academic performance with 8.98% in BCA.
- Developed academic projects involving Python programming and data security.
